JAIMINI CHARA DASHA - AMITABH BACHCHAN

KN RAO

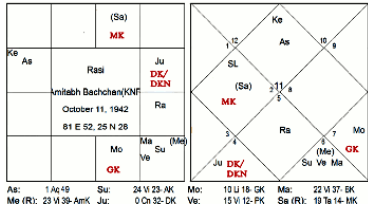

11 November 2010, 6:19 PM

**Amitabh Bachchan (11 Oct 1942...)** or so many generations in India who love cine heroes and figures of the glamour world, the physically tall actor, Amitabh Bachchan, not fitted into the traditional cine model of a lover like Dilip Kumar or Devanand with their medium height and handsome faces, carved out his place as an angry young man. But who expected him to be voted as the best actor of the twentieth century? That is history now.

His horoscope was given to me by his mother late Smt. Teji Bachchan and I had written about it in my article in the Astrological Magazine twenty six years ago discussing his accident in July 1982 about which I had given a forewarning to his mother. That prediction was based on Vimshottari dasha. Let me discuss more events of his life through my tested method of Chara dasha and show many more events.

**Oct 1942, 14:50:30 Corrected War Time, Allahabad, UP, India.**

The sequence of dasha in his case is:  
**Aquarius 11-10-1942, Pisces 1951, Aries 1959, Taurus 1964, Gemini 1968, Cancer 1971, Leo 1980, Virgo 1991, Libra 2003, Scorpio 2014**

**Birth of his sibling**  
In Kumbha mahadasha and the antardashas of Simha and Kanya his only sibling, Ajitabh Bachchan was born in May 1947. Kanya has his Bhatrikarakaka, Mars. Meena 1951 to 1959, Mesha 1959 to 1964, Vrisha 1964 to 1968, Mithuna 1968 to 1971

This dasha of Mithuna was the turning point of his life as AK and AmK, Sun and Mercury along with PK, Venus the planet of artistry aspect his tenth house giving to AB the greatest turning point in his career with some acting roles in which he was noticed. Let me quote from some information gathered by some students as my knowledge of cinema is awfully poor.

"He first gained popularity in the early 1970s as the 'angry young man' of Bollywood cinema, and has since become one of the most prominent figures in the history of Indian cinema."

"Bachchan made his film debut in 1969 as one of the seven protagonists in Saat Hindustani, a film directed by Khwaja Ahmad Abbas and featuring Utpal Dutt, Madhu and Jalal Agha. Though the film was not a financial success, Bachchan won his first National Film Award for Best Newcomer.

**Anand (1971)** followed, where he starred alongside Rajesh Khanna. Bachchan's roles as a doctor with a cynical view of life earned him his first Filmfare Best Supporting Actor Award. Amitabh then played the role of an infatuated lover in Parwaana (1971). This was followed by several films including **Reshma Aur Shera (1971)**. During this time, he made a guest appearance in the film Gudi which starred his future wife Jaya Bhaduri. He narrated part of the film Bawarchi."

The next dasha of **Karka 1971 to 1980** has DK and also DKN, Jupiter, exalted and vargottama.

**Marriage and Children**

I do not have the exact date of his marriage but the likely period is Karka Mesha which was from April 1973 to January 1974 Mesha being the seventh house of the navamsha.

His first child, a daughter, Shweta, could have taken birth in the antardashas of Meena/Kumbha starting from January 1974.

His son Abhishek in news as an actor and husband of Aishwarya could have been born in 1976 in Karka Dhanu from April 1976 to Jan 1977 as the Saptamsha given here shows PK in Mithuna with Kumbha lagna.

**His Accident of 1982**

I had given this prediction in Jan 1982 to his mother and had written an article also in the Astrological Magazine. Let me show the same event through Chara dasha. It was in the Simha dasha which was from 1980 to 1991. GK Moon is aspecting this rashi Simha and in the antardasha of Tula the accident took place in July 1982 perhaps on 2 July. This was the period of Simha Tula, Tula from 14 July 1982 to 11 August 1982.

All that I have been able to get from the internet is that the accident was on 26 July 1982 in the shooting of picture Coolie but the time is not mentioned. If four of five levels of Chara Dasha are worked it will be:  
Mahadasha is of Simha aspected by GK  
Antardasha of Tula having GK  
Pratyantaradasha of again Tula  
Sookshma dasha is Mesha seventh from GK but aspected by Rahu and Ketu.  
The Prana dasha could be Karka which has DK and it was a very fatal accident which nearly could have caused death.

**Foray Into Politics: The Cesspool**

"In 1984, Bachchan took a break from acting and briefly entered politics in support of long-time family friend, Rajiv Gandhi. He contested Allahabad's seat of 8th Lok Sabha against H. N. Bahuguna, former Chief Minister of Uttar Pradesh and won by the one of the highest victory margins in general election history (68.2% of the vote). His political career, however, was short-lived: he resigned after three years, calling politics a cesspool."

**Simha Dhanu (July 1983 to June 1984) and Simha Makara upto May 1985.** Amitabh joined politics in this period and Makara being a rashi, generally, of change; it was from the film world to what he called the cesspool of politics, an unpleasant change in his life. It must have been so as from Makara, there is GK in the tenth house. From Makara, the ninth house is excellent having Atmakaraka, Amatyakaraka and Putrakaraka, Venus.

Dhanu is the rashi of rise and fall and accidents etc. See the tenth house with AK and Amk and PK and BK. He won his elections against H.N. Bahuguna which was a big achievement and entered the Indian parliament and got disgusted with politics soon.

He won his elections in Makara from where the planet of democracy, Saturn, aspects the tenth house.

**Simha Mesha (March 1987 to Feb 1988)** He got disgusted with politics and with AK and AmK in the sixth house of struggle decided finally to leave politics which annoyed his childhood friend Rajiv Gandhi, the Indian prime minister particularly after he described politics as "cesspool". Notice, BK also in the sixth house representing his brother Ajitabh and the controversy of Bofors in which Ajitabh too was mentioned.

I will trace four more events through Chara Dasha.

**Amitabh's Kanya dasha was from 1991 to 2003.** Note here both BK Mars and Sun are placed proving it to be bad for his famous father Harivansrai Bachchan whom our generation admired much more than Amitabh. Sun and BK here eliminates the need for a separate karaka for father.

**Harivansh Bachchan died on 18 Jan 2003.** It was Kanya Kanya Makar both BK and Sun are here and DK in the seventh house.

**Also note The Tula dasha started from 2003 and will last upto 2014.**

***If a karaka that is afflicted is aspected by Gnathikaraka also it leads to early departure of such person from one's life, in various ways generally, not always.*** In his case, Amitabh's Matrikaraka Saturn receives the benefic aspect of Jupiter, though aspected by GK. There is Moon here, representing mother and eighth from here in Vrisha is Saturn, the Matrikaraka. The end of his mother Smt.Teji Bachchan who had done Vishnusahastranama with me many times in my house, was becoming visible.

Smt.Teji Bachchan died on 21 Dec 2007 in Tula Meena Tula. DK Jupiter aspects MK Saturn in the eighth house from Tula.

**World recognition**

"In 1999, Bachchan was voted the Greatest Star of stage or screen of the Millennium by BBC online poll where he defeated many Hollywood legends. In 2001, he was honoured with the Actor of the Century award at the Alexandria International Film Festival in Egypt in recognition of his contribution to the world of cinema." (from the internet).

It was the period Kanya mahadasha with AK and AmK here aspecting the tenth house and antardasha of Mithuna from where the tenth house is aspected by AK and Amk. This period ended in 2001 with Kanya-Kanya where both AK and AmK and PK forming many Jaimini rajayogas are present.

**Marriage of his son**

Aishwarya Abhishek wedding photos 27 Apr 2007 ... (from the internet). It was Tula mahadasha and Kumbha antardasha which is the lagna of the Saptamsha and the pratyantardasha of Makara where DK Jupiter is placed in the Saptamsha.

***It is how Chara Dasha as researched by me and used both in the birth horoscope and relevant varga charts are to be used.***
