Predictions based on your Birth star

Predictions based ON BIRTH STAR

your appearance is very attractive. There is some changes can happen always in your profession. At your younger age frequent illness cause major problems for you. You will look every aspect with suspicion. Others feel it is enjoyable to keep friendship with you. It is possible that you can be cheated by close friends or business partners. This is because you unfathomably trust them. You are not very interest in Luxurious Life. you know how to live in even with basic facility. You will advise others about how to live a cheap lifestyle. But in your case lots of unwanted spending come through out your life. You will listen to advice from others but you implement only what you already decided. you will distrust every one with suspicion. you will have positive change after 32 years, Life will improve after that .Up to that age you have to suffer a lot. You are a short tempered person. Always you will be anxious about lot of things, this may make you loose your temper. Some times your sibling can also turn into your main opponent. You are very proud .you should keep high morals in your behavior. If you loose it. Then it very difficult to come back to normal life. you should be very care ful about choosing new friends, because they may influence your behavior very much. Marriage life will be good one. But you will disagree with your spouse for lot of ideological reasons. But you should avoid this end up in divorce. You have good faith in GOD. Business and government Jobs are good for you. If you are in business you should take ventures up which require less capital investment and more use your intellectual power.
