### Scientific Predictions based on 1 st planetary Position

your appearance is very attractive. There is some changes can happen always in your profession. At your younger age frequent illness cause major problems for you. You will look every aspect with suspicion. Others feel it is enjoyable to keep friendship with you. It is possible that you can be cheated by close friends or business partners. This is because you unfathomably trust them. You are not very interest in Luxurious Life. you know how to live in even with basic facility. You will advise others about how to live a cheap lifestyle. But in your case lots of unwanted spending come through out your life. You will listen to advice from others but you implement only what you already decided. you will distrust every one with suspicion. you

will have positive change after 32 years, Life will improve after that .Up to that age you have to suffer a lot. You are a short tempered person. Always you will be anxious about lot of things, this may make you loose your temper. Some times your sibling can also turn into your main opponent. You are very proud .you should keep high morals in your behavior. If you loose it. Then it very difficult to come back to normal life. you should be very care ful about choosing new friends, because they may influence your behavior very much. Marriage life will be good one. But you will disagree with your spouse for lot of ideological reasons. But you should avoid this end up in divorce. You have good faith in GOD. Business and government Jobs are good for you.If you are in business you should take ventures up which require less capital investment and more use your intellectual power.

#### Scientific Predictions based on 2 nd planetary Position

You are known for their honest nature, high morals, and sincerity. If you turn away from this, then there should be a credible reason for that. However, you will keep regretful for this. You will have inborn talents in literature, music, or in acting. Partnership businesses are not good for you. You will get a lot of offers for it, but being successful in partnership is very difficult. You have a special talent in doing business successfully on your own, so business with partners is not advisable. You should keep away from such associations that are on later days, you have to show gratitude to others for such associations. You are more prone to cheated by somebody because they are always extremely trustful of others. You are always close to others because of sincerity. However, you should not expect a similar attitude from others. Sometimes you will become the friends of two people that the other two people have considerable enmity with each other. You will keep changing your life style according to circumstances. You have extraordinary talent to adapt to new circumstances. You have a good appearance and healthy body. You will give special attention to a good food, attractive dressing, and expensive ornaments. You will have special talent to deposit money. There will be laziness in all aspects of your life. However, you will become very active, if someone is there to encourage you. If you came up to a superior position, then you will become a very good administrator and maintain accounts cleanly. However, you will spend for a luxurious life. You may get popularity and a superior position by unexpected ways. You are very intelligent. You will get a lot of friends easily. You always like to expand your friendship circle. You always like others who will approach others for making friendship. So there will be a starting trouble for this. You will keep your calm and patience, but in some extraordinary situation you will explode surprising others. However, it will be momentary, and you will regain calm. If something adversely happened to influence you, this will turmoil your mind. You like to admire and demand respect from others. You will not try to force your opinion and policies on others. Married life will bring happiness to life. Heart disease, tooth problems will be their major concerns. You will make money through government authorities and friends by their pleasant conversations and tactical moves.")
