### Character

You are an energetic person, never satisfied unless you are up and doing. You are strong in mind and strong in body and full of enthusiasm for the work in hand. You have unlimited courage, and all these qualities combined tend to make your life varied. You are not going to stay at one thing just because you have set out in that direction. You will change your job, your friends, your hobbies or anything whatsoever provided you think the change is for better. Unfortunately for you, you will not always count up the pros and cons of the change as carefully as you should and this impulsiveness may often lead you into difficulties. Still you have a courage, you are a born fighter and are endowed with plenty of enterprise. All of which will enable you to succeed in the end. It is unlikely that you will amass great wealth but money is only useful for the happiness it can bring and of happiness you will have your full share and more. There are many reasons for thinking that you will move from place to place a good deal and probably you will see much of the world. If a man, you are likely to take up posts in various parts of the country, and, if a woman, it would not be surprising if you called upon to travel because of the requirements of your husband's business or profession. We would suggest that you should endeavor to cultivate the quality of patience, and that you reason out the cost more thoroughly before embarking upon some fresh enterprise. There are little points but they help to mar your success. Moreover, avoid being a rolling stone (avoid changes) especially after the age of 35.

### Happiness And Fulfillment

You have been endowed with the common sense and clarity to know what you really want. Lucid and practical, you seek happiness in the environment and are unafraid to expand your horizons, easily recognising fears and working them through. But be cautious. If you are always thinking of your own welfare and are inconsiderate of others, your chance of happiness are minimal.

### Life Style

You are more inward than most. If you were to appear in front of a large group of people, you would suffer from stage phobia. You are best motivated when you are alone to do whatever you want to do, and at your own pace.

### Career

You should find jobs which involve you with groups of people and where there is no pressure to meet commitments and responsibilities on a commercial level. You would find success in a career which would help people, such as group leadership.

### Occupation

There are many remunerative occupations which might engage your energies profitably. Your aptitude for making plans fits you for a whole host of businesses and trades where originality counts and this applies just as much to women as to men. Trained in another direction, the same quality would help in organising. Thus, you are eminently fitted for directing the details of large commercial concerns. What you should avoid are all those jobs which are the same year in, year out, and where one day's work is merely a repetition of another. Routine jobs are not for you.

### Health

You have an abundance of vitality. You are robust and not likely to suffer much unless you overtax yourself. Just because you can burn the candle at both ends, you must not think that it is a wise thing to do. Be reasonable with yourself, do not take too much out of the bank of health, and you will have cause for congratulating yourself in later life. Illness, if it does come, usually comes unexpectedly. Really, it has been coming a long while before it manifests itself. A little hard thinking will show that you plainly asked for the trouble. No doubt, it was something you could have avoided. Your eyes are your weak point so take care of your eyes. You may suffer from some kind of eye disease after the age of 35.

### Hobbies

Outdoor pursuits engage much of your leisure time and you find them exceedingly beneficial. The fear is that you may overdo them and harm your constitution. You love movement in the open. Thus, if horse-riding does not attract you, it is certain that you enjoy the pleasures of fast motoring or perhaps, a long journey in a train, as well as a pleasure trip. You take a keen interest in educating yourself, using books or educational visits for the purpose. More than likely you gain far more satisfaction than knowledge from the effort.

### Love Matters

You are sociable and look upon a wide circle of friends as the correct state for happiness. From among these friends, you will single out one who means everything to you and that one you will marry, if you have not already done so. Your nature is full of sympathy. Consequently, there is every reason for affirming that your married life will be a happy one. You are the sort that thinks a great deal of your home and its contents, and you expect it to be a comfortable, well-kept place. Disorder in the house is likely to grate on your susceptibilities. Your children will mean a great deal to you. You will work for them and give them the utmost in education and enjoyment, and what you lavish on them will not be wasted.

### Finance

You are not likely to be lucky with partners in business. You will be more likely to be architect of your own fortune than receive much help from others. But, there is no reason for you not to eventually succeed and even become wealthy. In matter of finance, your quick-witted clever brain will give you great opportunities. At times your are likely to be very rich and at other times the reverse. When you have money you will be extravagant, when without it you can adapt yourself to the lowliest sphere. In fact, the greatest danger is that you are by nature too adoptable to others as well as to conditions. If you made the effort to hold your nature in check, you would easily become a success in whatever enterprise, industry or work you became associated with.

## || Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Fifth house from Lagna, while in the Moon chart Mangal is placed in Fifth house.

**Hence Mangal Dosha is present neither in Lagna Chart nor in Moon Chart.**

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

### Some Remedies (in case Mangal Dosha is present)

#### Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

#### Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

#### Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

### Shani Sade Sati: Rising Phase

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. Take this period as learning period, put your hard work and things will fall in place. You are advised not to take high risks in business matters in this period.

### Shani Sade Sati: Peak Phase

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. If benefic, the native will be fond of constructing religious buildings and digging of wells for public purposes. He will have permanent source of livelihood- more from the government. Money earned from honest sources will keep multiplying. He will believe only his eyes, not in what he hears.

### Moon in your 1st house

In general, the 1st house belongs to Mars and Sun. When the moon is also placed therein, this house will come under the combined influences of the Mars, the Sun and the Moon i.e. all the 3 mutual friends will be treated as occupants of this house. The Sun and Mars will extend all friendly support to their natural friend Moon placed on the throne i.e. the ascendant house.

Such native will be soft-hearted and will inherit all the traits and qualities of his mother. He will be either the eldest brother or will certainly be treated so. As long as the native receives the blessings of his mother and keeps her happy, he will continue to rise and prosper in every way.

The things and the relatives as represented by Mercury, who is inimical to Moon, will prove harmful to the native, e.g., the wife's sister and the green color will affect adversely. Hence it is better to keep away from them.

Burning milk (for making Khoya) or selling milk for profit would reduce or minimize the power of the Moon placed in the 1st house, which means that the native's life and property would be destroyed if he engages himself in such activities. Such a native should serve others with water and milk freely for long life and all round prosperity. Such a native will get a life of about 90 years and will be bestowed with honours and fame by the Govt.

## || Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
